

BCFIRB's 6 HIGHER-LEVEL PRINCIPLES – DEFINITIONS AND GUIDANCE

September, 13, 2011

Introduction

This guidance document is provided at the request of boards and commissions to assist them in interpreting and implementing principles-based regulations within their respective mandates (the legislative and policy framework). The following 6 Higher-level Principles are a foundation of the BCFIRB Accountability Framework and reflected in BCFIRB's upcoming Strategic Plan 2011-2014.

Each principle is defined and interpretive guidance provided. However, the guidance is illustrative only and not to be construed as directive. The principles should instead be considered as a group where one principle reinforces another rather than taken in isolation.
